

# POLYKLEEN STONE

## CLEANER FOR NATURAL STONE

# PROFIX

### Description

POLYKLEEN STONE cleaner is a non-corrosive cleaner that does not contain ammonia, specifically formulated to deep clean heavy soil, oil and grease soil and rubber marks. Recommended for non-sealed or finished calcareous stone and marble cleaning. Safe for all materials except epoxy-resin quartz and marble composite stone.

#### Characteristics

- Ready to use formula
- PH : 10.9 (concentrated)
- Fast acting concentrated cleaner
- No unpleasant odour
- Non-corrosive

#### Formats

500 ml bottle – 12 per box  
1L bottle – 12 per box

### Technical data @ 22°C

Coverage : depends on type of cleaning to be done.

#### Shelf life

POLYKLEEN STONE : 24 months following production date (stored in a dry and heated area).

### Technical notes

For prolonged use, gloves are recommended.

#### Main use

For residential and light commercial use, both indoors and outdoors. Can be used over ceramic, porcelain or natural stone.

### Instructions

#### Application

Test on a small surface first to ensure suitability of coverings.

#### Manual cleaning

Remove all dust and wastes from area before cleaning. Mix 125ml of cleaner per 4 liters (4oz per 2 gallons) of warm water. Increase the concentration for badly soiled areas. Apply with a mop, sponge mop or cloth. Pick up cleaning solution. Rinsing with clear water is optional but recommended. Change cleaning solution every 50m<sup>2</sup> (500 ft<sup>2</sup>), according to the floor condition.

### Limitations

- Keep out of reach of children
- Wear safety glasses and gloves when applying
- Do not use on marble or limestone

### Warranty

The above information is accurate. However, as we have no control over conditions of use, we cannot assume any legal or other responsibility for the outcome and/or any harm that may ensue.

## Environmental data

Leadership in Energy & Environmental Design (LEED) is a green building rating system that plans, develops, compares and certifies sustainable buildings around the planet. The Canada Green Building Council certifies the project in terms of total points obtained after verifications and an examination of the documentation submitted by the design and construction teams. POLYKLEEN STONE can help to achieve the following credits :

Indoor Environmental Quality :

IEQ Credit 3.2 option 3 - Reduce indoor air quality problems  
IEQ Credit 4.1 - Low Emitting Materials

Materials and Resources :

MR Credit 5.1 - 10% extracted and manufactured regionally  
MR Credit 5.2 - 20% extracted and manufactured regionally

Refer to the PROFIX website for letters of certification.

Other environmental data :

- Low VOC formula
- Biodegradable
- In conformity with OCDE 301 E rule
- Meets Terra Choice / Écologo specifications
- Degreasing cleaner CCD : 146E

## Caution

Keep out of reach of children. May irritate eyes. Do not get in eyes. Do not swallow. Wearing of gloves and safety glasses is recommended during application.
